entire amount of the fee due to it is used to cover the fee charged for annual audits	
and the authentication of annual reports	
The 2015 Annual Report of the Company was drawn up by Ottília Somogyiné	
Hegedűs, certified accountant (MoF registration number: 122487)	
The Company has both corporate tax and VAT liability. Furthermore, being an	
energy supplier, it also has energy tax and energy suppliers' tax liability	
2. The Company's accounting policy	
The Company prepares annual reports containing a Version "A" Balance Sheet and	
a Version "A" Profit and Loss Account prepared with the total cost method	
Regarding accounting and valuation, the Company consistently adhered to its	1
accounting policy in the reporting year	
The Company's accounting policy comprises the principles, procedures and tasks	1
in accordance with which the Company keeps its books and prepares its reports as	,
stipulated by law and the Company's Articles of Associations. The reporting	5
principles set out in the accounting policy enable the Company to present a true	;
and fair picture of its equity and income position as well as its financial standing	
The Company prepares its financial statements in accordance with the Hungarian	l
Accounting Act. All data are presented in HUF thousands. The Company stores its	}
accounting, financial and other documents in accordance with the relevant local	L
statutory regulations	
The basis of the Company's book-keeping is a standard chart of accounts based or	ı
its accounting policy	
The Company uses double-entry book keeping, keeps its books in Hungarian and	1
states book entries in Hungarian forints	
■ The Company records its assets at purchase cost less VAT	
■ The Company takes account of the purchase (manufacturing) costs related to the	3
upgrade, changes in the intended purpose, conversion and the restoration of the	>
original condition of its existing tangible assets as a factor that increases the value	)
of tangible assets. Purchase costs comprise all expenses allocated specifically to the	3
assets concerned including non-reclaimable VAT, authority fees and duties	
■ Tangible assets are stated at the historical cost determined by the Accounting	3
Act. The Company recognises depreciation with effect from the date when the	
tangible assets concerned are put into service. In the case of fractional periods	9
tangible assets concerned are put into service. In the case of fractional periods	,

depreciation is recognised on the basis of the number of the days that have lapsed
■ Depreciation is not allowed to be recognised for assets stated as capital
investments before capitalisation
■ Intangible assets are stated at historical cost adjusted for depreciation determined
in conformity with the restrictions set out in the Accounting Act
■ Depreciation is accounted for with the straight line method, under which the
book value of assets as at the end of their useful life either corresponds to their
specific residual value, or is zero if no residual value is set for the assets concerned
upon capitalisation. The Company only sets residual values for passenger cars
Applied depreciation rates:
Intangible assets: 17-50%
Land and real property: 2%
Land and real property: 2%
Equipment and fixtures and fittings: 50%
Vehicles: 20%
■ The Company depreciates the historical cost of low value tangible assets,
incorporeal rights and intellectual property in a lump sum format when such assets,
rights and property are put to service. Low value was set at HUF 100,000 in the
reporting period
■ The Company depreciates its assets other than low value assets monthly.
Depreciation for derecognised assets is recognised at the date of derecognition
■ Pursuant to Sections 53, 54 and 56 of the Accounting Act, accelerated
depreciation shall apply to intangible and tangible assets, if the book value of such
assets (not including assets in the course of construction) is at least 50% higher
than their market value.
■ The Company's definition of a major error made during the preparation of annual
reports corresponds to that set out in the Accounting Act, i.e. "major error" means
if, in the year when discovered by any form of audit, the total amount of all the
errors (whether minus or plus) for a given financial year (separately for each year)
and the impacts thereof - increasing or decreasing the profit or loss or the equity -
exceeds the value limit set forth in the accounting policy. Errors shall be construed
as major in all cases if, in the year when discovered by audits, the aggregate
amount of all the errors (whether minus or plus) for the same year and the after-

effects thereof – increasing or decreasing the equity – exceeds 2 (two) percent of the balance sheet total of the year audited, or HUF 1 million, if such 2 percent of the balance sheet total exceeds HUF 1 million.

- Pursuant to Section 55 of the Accounting Act, in accordance with the credit rating of trade debtors, the negative balance between the book value of receivables which are recorded as outstanding (not settled financially) on the balance sheet date of the financial year (including any receivables from credit institutions or financial enterprises, loans and advance payments, furthermore, the items shown as receivables under accrued and deferred income) and the amount of such receivables estimated to be recovered, shall be accounted as loss in value based on the information available when closing the balance sheet, and if it appears permanent and is of substantial amount. The Company recognises impairment if the book value of its receivables is 10% higher than their expected recovered amount.
- The Company converts the amount of any foreign currency petty cash, the balance of any foreign currency cash account and all claims, financial assets, securities and liabilities denominated in foreign currencies into HUF at the official foreign exchange rate that the National Bank of Hungary quotes for the currency in question on the balance sheet date of the annual report.
- The balance sheet may only consist of claims acknowledged and settled by obligors.----
- The Company's balance sheet date is 31 December. While preparing the balance sheet, the Company takes account of the events expected to occur before **30 April** of the following year.----
